

# AC 721 X

## INTRO

Flap Disc Cloth  
 Grit Format: Hybrid  
 Available Grit Range: P36 ~ P120

## CONSTRUCTION

Cloth Type: Polyester and Cotton Hybrid  
 Bonding: Resin over Resin  
 Grain Type: Semi-friable and Tough Aluminum Oxide Hybrid

Converted Materials: Flap Discs  
 Maximum Width: 1650mm

## PRODUCTS ADVANTAGE

- Aluminum Oxide types hybrid to give a clean look by the disc finishes
- Stronger cloth to resist high pressures

## APPLICATION

- Can grind on edge surfaces and thick welds that apply single point high pressures
- Preferred machinery is high watt machines working with high RPM
- Better works on edge grinding

## MOST COMMON GRIT CONSUMPTION

P36	P40	P50	P60	P80	P100	P120
	•		•	•		•

## SURFACE

- Hardwood
- Metals
- Steel
